

# S.M.A.R.T Vent

## Sustainable Makeup Air Return Technology Will COST You LESS!

Introducing Z-Ventilation's S.M.A.R.T Vent, a revolutionary leap forward in commercial kitchen ventilation. Our unique design swiftly extracts grease-laden vapors, while introducing fresh air to maintain an optimal kitchen atmosphere. The S.M.A.R.T Vent intelligently manages air pressure, eliminating the need for costly tempered air units and utilizing a fresh air makeup fan instead. Its sustainable design ensures a comfortable working environment by redirecting heat away from your team.

With Z-Ventilation's S.M.A.R.T Hood, we bring intelligent design and sustainable efficiency to your kitchen's ventilation needs.

Make-Up Air: Available Up To 80%
