2 YEAR PARTS WARRANTY 1 YEAR LABOR WARRANTY

Z-Ventilation Solutions' equipment is warranted to be free from defects in materials and workmanship for a period of 2 years from the date of shipment. If Z-VENT determines any part of the equipment to be defective in material or workmanship within the standard product warranty period, the part will be repaired or replaced by Z-VENT at no charge during the first year. This warranty applies only to equipment used under normal operating conditions.

This Standard Product Warranty will **not** apply if:

1. The equipment is not installed by a qualified installer per Z-VENT's installation instructions.
2. The equipment is not connected properly by a qualified contractor per Z-VENT's installation instructions.
3. The equipment is not installed in accordance with federal, state, and local codes and regulations.
4. The equipment is misused, neglected, or not maintained per Z-VENT'S maintenance instructions.
5. The equipment is not operated within its published capacity.
6. The invoice is not paid within the terms of the sales agreement.

Z-Vent reserves the right to charge the customer for service calls if any of the above scenarios occur.

Z-Ventilation Solutions shall not be liable for incidental and consequential losses or any damages potentially attributable to malfunctioning equipment. After the first year, the BUYER shall pay all labor costs incurred in connection with such repair or replacement until end of Two Year Warranty. Equipment shall not be returned without Z-VENT'S prior authorization and all returned equipment shall be shipped by the buyer freight prepaid to a destination determined by Z-VENT.
